

Total Degree Credit Hours 120

Institutional Priority	5 Credit Hours	ECON1000	AMST 1102, ASIA 1102, BLACK 1102, COMM 1100, GWST 1102, LAIS 1102, IDRS 2300, PAX 1102, PSD 2700, POLS 2401, RBS 1102
-------------------------------	-----------------------	-----------------	--

Perequisites

Programming Principles & Programming Principles Lab	Lecture and Lab must be taken at the same time	4	
Programming & Problem Solving I	Lecture and Lab must be taken at the same time	4	
Discrete Mathematics I Discrete Structures	MA11113 or 1190 or 1179	3	

All courses must have a minimum grade of 'C' to count towards degree requirements

Courses listed as concurrent prereqs may be done before or at the same time as the requirement

Perequisites

All major courses must have a minimum grade of 'C'

Courses listed as concurrent prereqs may be done before or at the same time as the requirement

Prerequisites

At least 3 credit hours 3000/4000 level IT courses, not required as Upper Division Major Courses. You may choose any IT course already being used for major requirements/tech block. In addition to 3000 or 4000 level unused IT courses, students can also take FIA 4001 Foundations of BizTech, FIA 4002 Financial Technologies, FIA 4005 Introduction to Financial Data Analytics, or CSE 4983 CSE Internship.

CSE 4983 CSE Internship requires pre-approval before being able to register for the class. For more information: <https://cse.kennesaw.edu/student-resources/cse-internships.php>
