

	Clarice C. and Leland H. Bagwell College of Education
	Inclusive Education – Graduate
	Gifted Education, Certificate

Upon completion of this degree from KSU, students will be able to:

1. Define the construct of giftedness and be able to discuss traits and social-emotional needs associated with giftedness.
2. Use and review a variety of assessments.
3. Apply GA Rules and Regulations to identify children eligible for gifted education programs within the state.
4. Collaborate with stakeholders and experts.
5. Identify appropriate curriculum and services and/or adjust their curriculum to meet the needs of gifted/high ability learners.
6. Evaluate their current program to identify strengths and areas needing improvement.
