### **Cases of Vaping-Associated Illness Continue to Increase in Georgia**

The Georgia Department of Public Health (DPH) recently identified the state's third death from a vaping-associated illness. This most recent death is now part of the 27 confirmed cases in the state of Georgia. These patients range in age from 18-68 years and 56% are male. No specific e-cigarette device or substance has been linked to all c-8( )-(b)-8(r)78( )-4 8(s )17(b)-8(e)13(e)-8(n)7Q r1773 Tm0 g0 Co

### **About Cobb & Douglas Public Health**

Cobb & Douglas Public Health, along with the Georgia Department of Public Health, has been committed to the mission of "*Healthier Lives. Healthier Community.*" since 1920. We are dedicated to improving our residents' quality of life by tracking and preventing the spread of disease, promoting health and safety, providing exceptional medical services, and ensuring that our community is prepared for public health emergencies. For more information, visit [www.cobbanddouglaspublichealth.org](http://www.cobbanddouglaspublichealth.org).
