Semester \_\_\_\_\_ Academic Year \_\_\_\_\_

**Instructions for Self-Rating**

The 9 competencies specified in this evaluation form are those established by our national accrediting organization, the Council on Social Work Education. Under each competency statement, the Practice Behaviors that define the foundation curriculum are listed. Please rate your ability to perform each practice behavior according to the scale below.

At the end-of-semester, please evaluate your level of competency demonstrated. You will also meet with your Field and/or Task Supervisor to discuss and provide feedback as needed. Each competency should be rated holistically, with attention to the quality completion of activities articulated. End-of-semester ratings are intended as a method of structuring feedback and focusing attention on challenging aspects of field; “performance needs improvement” ratings during the end-of-semester assessment may result in a negative grade outcome for the student. A rating of “3” is equivalent to adequate competence for a beginning MSW student. In addition, for any score of “2” or

stu
